

10 MUST KNOW BIBLE STORIES

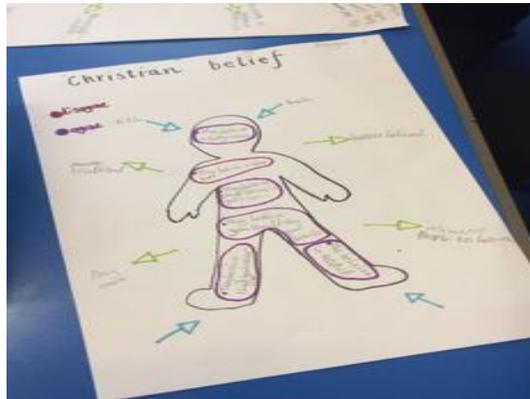

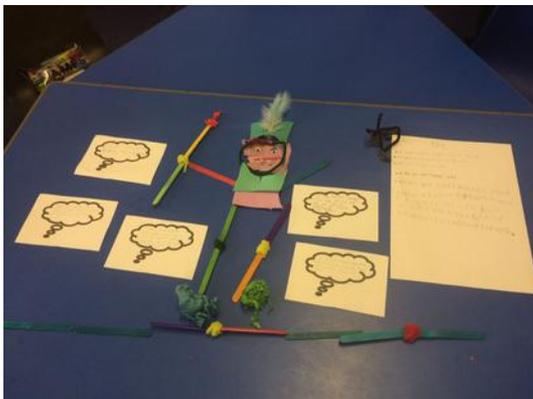

www.tenbiblestories.org

David and Goliath

We had a wonderful time exploring this story. Everyone enjoyed acting it out and watching Goliath fall and David chop off his head! It gave us the opportunity to explore what Christians believe God is like, write psalms and think about why people believe what they do. It was wonderful to see the teachers extending the learning across the curriculum. Would Goliath have fitted in their classroom? Could they measure out and draw Goliath in the playground? How did they measure in Bible times? What's a cubit?

*I enjoyed it because
"I know a lot more
about Christians and
their beliefs"*

*"I learned that
Christians believe in
only one God"*

The Good Samaritan

This proved to be a great story to explore opening up lots of discussion about equality. Who should we be helping? Should we only help people who help us? How can we practically help people? The story helped us understand the Christian belief of eternal life and start to explore that what Christians believe should affect how they live.

Again this was a popular story to act out - everyone wants to be a bandit!

What next?

As we approach the end of the first year of the project, we will be taking to time to look back and review our work so far. We will be asking teachers and headteachers what has worked well, what the benefits have been and how they think we can continue to develop and grow this project. Our hope is that the resources we are producing will be used by many teachers and chaplains across the city and indeed country.

Our training events were well received throughout the year and we will be working with the schools and council to plan our next year of events.

Prayer Points:

Give thanks for the positive feedback from children and staff.

Pray for great sessions as we teach Daniel and the Lions and the 10 Commandments this term.

Pray for God to provide more people to work in our local BOD schools. This could be running lunch clubs, taking classes or simply helping children practise their reading.

Pray that we hear God's voice as we look ahead, help us listen to the staff and may we know how best to develop our project.

Pray that those who become interested in the Christian faith would have opportunity to find out more.

Praise God for the opportunities we have to share our project on social media. Pray for time, inspiration and wisdom as we do this. Pray for the website, that we know how to best develop it and have the skills to do so.

Praise God for his financial provision. Pray we would quickly find the remainder of the funding.

Pray for an easiness to writing up the resources, that teachers would contribute willingly.

Pray for God's protection of our project.

How can you help?

Please do pray for the project.

If you are able to give financially to help support the project and develop the work please speak to Sue or a member of the finance team at St Columba's.

If volunteering in a local school is something that interests you please do speak to Sue.
